

Updated Bag Policy

The city of San Francisco is now allowing use of personal and reusable shopping bags. In accordance with city laws we will now be charging again for paper/plastic bags. The new mandatory charge of 25 cents started on July 1st.

If you decide to use a reusable bag we ask that you follow the rules below to continue to keep employees and the community safe.

- Please do not shop with your personal bag. We have sanitized hand baskets available at the front to use while shopping.
- Please do not put any personal bags on our checkout counters at any time.
- If you elect to bring your own bag you will need to bag your own groceries.
