

Updated Return Policy

Over the past few months we suspended returns of unopened items to better protect our employees and the community. We are now opening up our return policy again, but ask that customers limit returns as much as possible so that we can continue to serve the community in a safe manner.

We will always accept returns of items that do not meet our quality standards or are already expired at time of purchase.

The following items are not returnable: Toilet Paper, Paper Towels, Cleaning Supplies, Hand Sanitizer, Baby Products and Alcohol.

For all returns we will refund you based on your choice of payment at time of purchase (ie. If you purchased the item with cash you will be refunded cash).

Proof of purchase is required for all returns.
